

Hannah E. Mullins School of Practical Nursing

ADDENDUM
Emergency Addition of Extra Clinical Absence
Aug 2022 and Feb 2023 PT Classes
5/31/2022

One additional absence will be granted due to an unusual increase in student illness. The absences will be increased to six days. After three missed clinical experiences the student will receive a written anecdotal and must pay 25 dollars per hour to make up clinical experiences four, five and six. This make-up experience does not erase the absence. The make-up clinical time, experience, and facility will be determined by the faculty.

A student who misses greater than six clinical days will be dismissed.

I have read and understand the emergency addition of an extra clinical absence.
